state programs that plants willows and trees on stream banks that have lost their protective cover (thank you, TS Irene). Four Reading landowners participated in this program in 2017. Contact [ONRCD](#) for more information.

## Dragons and Damsels

July 16 - 10AM - 2PM

Hoyt's Landing, public launch, Springfield

Hunt in the shallows for larvae, look for exuviae (shed skins), learn about the adults with the Vermont Entomological Society. Bring your own boat for a watery safari to search for and identify both adult odes and lots of aquatic plants! More info, contact [BRAT](#)

## Kedron Brook

On June 15, ONRCD hosted a Green Drinks session at Teagle Park in Woodstock.

Participants were treated to a discussion on how future flooding can be mitigated. The Kedron Brook is the *only* body of water in the Ottauquechee watershed that shows levels of water pollution. Through a water testing demo participants learned what that means and how the water quality can be improved.
