**Silo Distillery - All Vermont**

Vermont legislators had the opportunity to tour Silo Distillery in Windsor Vermont on Jan 4, 2019. Led by Anne Marie Delany, the legislators learned how they use Vermont sourced ingredients to make cider, vodka and gin. Spent grain is taken to farms for pig and chicken feed. Newly added are Vermont made barrels for bourbon.

Andrew Peterson operates Peterson Malts out of Monkton. His grains are a vital part of the brewing process at Foam Brewery in Burlington. His goal is to help breweries use local ingredients. Read [MORE](https://us2.admin.mailchimp.com/campaigns/show?id=2925973) about using local ingredients.
